Karun Rishi

President
USA-India Chamber of Commerce

USA-India Chamber of Commerce has created an ecosystem where all the stakeholders: Industry, Investors, Academia and Policy Makers meet to learn, share, deliberate, network and benefit. This unique platform creates mutually beneficial opportunities and relationships for the US and Indian industry necessary to take the BioPharma & Healthcare business to the next level. Innovation and funding innovation will get a big boost from our annual US-India BioPharma & Healthcare Summit. Collaborative research and strategic partnerships will be the key forces driving the business growth. I encourage the active participation of life science companies, investors, academic leaders and policy makers who share our purpose of working together for an innovation driven healthier world.
